

PETS of the WEEK

Sponsored by The Glenrock Bird

Won't you adopt a dog or cat today?

All animals are spayed, neutered and have current shots.

 **Puppy**

Puppy is a very social, friendly Border Collie who is anxiously awaiting a home with playmates and room to run. His handsome coat makes him look very majestic. Puppy is very clean and playful. He likes other dogs, kids and cats.

 **Philo**

\$10 off adoption fee! Philo came in wild and abandoned. During his stay at the Humane Society, this little guy has learned that a little TLC is a good thing. He's still a little shy, but will let people hold and cuddle him. Philo has attractive markings and is a good-looking, young male cat.
